Popcorn party pack

We harbor a few popcorn connoisseurs on our taste-test team, and they say 479° Popcorn's organic 'corn measures up. They thought this PIY (Pop It Yourself) Kit (\$35) was a fun hostess gift — it comes with 32 ounces of multicolored “pop pourri” organic heirloom popcorn, sunflower oil, salt and sugar blends (including Fiery Habanero Sugar and Roasted Onion Salt), paper popcorn cones, recipe cards, instructions and pairing suggestions — but that they would just buy it for \$14. Find it at 479popcorn.com.
